

# COURT BULLETIN

This bulletin will be updated by the Georgia Department of Driver Services (DDS). Our goal is to strengthen the communication between our business partners by disseminating legislative updates and other valuable information in a timely manner.

## LEGISLATIVE UPDATES

[2016 Legislation](#)

[2015 Legislation](#)

[2014 Legislation](#)

## GECPS

- **What is [GECPS](#)?**

GECPS is a standardized and secure method to report GA Reportable Violation Codes to DDS according to HB1253.

- **[GECPS Online Account](#)**

The online account allows GECPS users to update contact information, review outstanding errors and access documents uploaded by DDS.

## ERROR HIGHLIGHTS

**2851: FTA has been released.**

**Solution:** Release already applied to the record by the court or DDS. No further action required.

**Example 1:** Court sends in a FTA withdrawal on 10/15/2016 then sends a FTA Withdrawal for the same FTA on 10/30/2016. The court will receive error code 2851 because the FTA was already released previously. No further action required by court.

**Example 2:** Court gives a customer a DS-912 form (FTA Withdrawal form) and the defendant takes the form to their local DDS to be reinstated, then the court submits the FTA withdrawal electronically the court will receive error code 2851 because the FTA withdrawal was applied by DDS. No further action required. The court is always responsible for providing DDS with the FTA withdrawal.
